Inside: Booth & Elections

# Be excited and rest hard during winter break, because we will start working on *booth* as soon as we get back! :)

We work in the **cages** (basement of parking lot garage) every day for 3-4 hours starting February. Board will be there all the time to greet everyone who comes.

We have several **lock-ins** for some mass-production!

A few weeks before Carnival, we move all our stuff to **midway** (Morewood parking lot) and start building our booth!

# I LOVE ASA BECAUSE IT IS

# LOW KEY FRIENDLY

We start sleeping and eating in the cages and midway.  
Booth becomes our 1st priority.  
This is the time when we are  
the most tired, but have the most fun :)

(We go wake up up too! :D)

We enjoy carnival when the weekend  
comes, and destroy our booth.
