

Cornell ad-Hoc Universal Club (Known Light-Emitting)

Who We Are

CHUCKLE has an illustrious history at Cornell, dating back to its inspiration nearly two hours ago. During this time, we¹ have performed several major acts, of which you may have heard. Most notably, a flier was created and a table usurped for the purposes of spreading our name.

What We Do

As the premier organization in our category on campus, we do our best to fulfill our duties. What these are, we haven't quite decided yet. Probably mostly things to confuse or entertain ourselves or others. Unexpected things, funny things. Like grabbing a table at a Club Fest and handing out fliers. That's a fun thing to do from time to time.

Why You Should Join

- Only members get to experience the full benefits of membership in CHUCKLE, whatever we² decide they may be.
- It could be lots of fun. Not quite sure about this one yet.
- There's no commitment required, do as much or as little (the latter is much more likely) as you want.
- We probably won't spam you; in all likelihood we'll lose the e-mail signup sheet before entering it anywhere permanent.

¹That is, the entirety of the organization, which may or may not consist of one person

²Again, the organization as a whole
