Student_____

Storyboard

Grading Methodology
Each category will be assigned a number. In order to weight ideas differently, that number will shown as a fraction, for example: 9/10 would be nine points earned out of a total of ten possible.

Assignment Parameters
• Create a rendering based on a pencil sketch.
• The sketch may be one that you have created or one that you get from a book
• Create a storyboard of three different lighting looks for the storyboard

Grade	Category	Note
/3	**Fulfilled assignment parameters**	
/2	**Success of "story" in each sketch**	
/2	**Sophistication of merging disparate elements**	
/2	**Sophistication of lighting**	
/2	**Variety of looks**	
/2	**Storyboard aesthetics**	
/2	**Color**	
	Other	
/15	**Final Grade**
