EDUCATION

CARNEGIE MELLON UNIVERSITY IN QATAR

Bachelor of Science in Computer Science | Class of 2024

COURSES IM CURRENTLY TAKING

- Fundamentals of Programming & CS
- Principles of Child Development
- Differential & Integral Calculus
- Freshmen Immigration
- Reading & Writing in Academic Context
- Computing at Carnegie Mellon

INTERESTS

The area I am most interested in is Modern Physics. Specifically, Relativity, Quantum Mechanics, Atomic theory and evolution, and Molecular and Optical physics. I also enjoy reading about Astronomy and the history of Physics.

My non-academic interests include History, psychology, and Art. I enjoy creating Art projects, filming them, and editing videos.

CS related areas I am developing an interest in include: Machine Learning, Robotics, AI, Web development, and Natural Language Processing.
